

**Fibercon®**

## Fibercon® AP

A versatile range of top quality cloths, without a premium price tag!

Looking for a sail with a really competitive price tag without compromising quality or durability?

Choose **Fibercon® AP**.

Our **Fibercon® AP** cloth enables your sailmaker to make your sails at a competitive price without compromising quality or durability. The sailmaker benefits from our controlled production costs and his own low inventory needs, and you know that you are getting a quality product.

Efficiently woven from our exclusive Fibercon yarns, the “all purpose” construction of **Fibercon® AP** with our Polyreg finish can be used in a huge range of cruising sails.

We recommend a medium or firm Polyreg finish for our **Fibercon® AP** cloth. The medium Polyreg finish is optimised for ease of handling, and the firm Polyreg finish for the diagonal stability needed in more performance oriented sails.
